

SMOOTH MAN UNDER ARREST

Promoter Is Accused of Conspiracy.

Ernest Terah Hooley Taken in Charge by Officials in London.

He Did the Monte Christo Act a Few Years Ago and Astonished the World.

LONDON, May 10.—Ernest Terah Hooley, whose meteoric career and company promoting a few years ago astonished the financial world, was arrested in London today on the charge of conspiracy to defraud. Hooley's colossal bankruptcy and the proceedings arising therefrom were the sensation of 1898. Since then he has been connected with the various promotions, some of which led to court proceedings.

Henry J. Lawson, another company promoter, was also arrested today in connection with the Hooley charges.

A receiving order in bankruptcy was issued against Ernest Terah Hooley June 8, 1898. Hooley at that time was the biggest company promoter in Great Britain. He was prominently interested in bicycle, land and meat extraction concerns and was supposed to be a multi-millionaire. He reached the pinnacle of his prominence in 1896 when he promoted a tire company, as the result of which he was supposed to have cleared \$12,000,000. At that time he was living a sort of Count of Monte Christo existence, buying yachts and race horses and a number of historic country seats. Eventually Hooley was formally adjudged bankrupt. The capital of the companies promoted by him up to 1898 aggregated \$60,000,000 to \$65,000,000.

Hooley and Lawson were subsequently brought up at Bow street police station court. Counsel for the prosecution, says the prisoners were charged with defrauding A. J. Payne of \$50,000 by selling him shares of Siberian gold mines and other worthless concerns. Further charges, counsel added, would probably follow.

The magistrate offered to accept bail in \$50,000 each, but that of Hooley was finally fixed at \$40,000. Lawson's bail was fixed at \$50,000, with three securities, who have not been found, so Lawson remains in custody.

NEW JERSEY IS FOR ROOSEVELT

Republican State Convention Indorses Administration and Selects Delegates to Chicago.

TRENTON, N. J., May 10.—The Republican State convention met at noon today to elect delegates to the National convention at Chicago. The temporary chairman, United States Senator John Kean, delivered an address. He said in part:

"Happily we are not compelled, like our opponents, the Democratic party, to seek for an issue with a searchlight and for a candidate without a record or the gift of political speech. We have a policy and our policy is that which has always been the policy of the Republican party, the maintenance of our protection system and the honest and economical administration of the affairs of the Government."

"There has been somewhat of criticism upon the conduct of the President in regard to the matter of the Panama canal. What he did has commended itself to the best judgment of the American people. The canal, after being a dream or a vision for more than four centuries, is about to be built by American enterprise and by American capital, and it will be controlled by Americans."

When Senator Kean had concluded, the committee on permanent organization reported in favor of the election of Senator Kean for permanent chairman. The resolutions were then presented and adopted.

The platform indorses the administration of President Roosevelt. The nation's Cuban and Philippine policy is praised and it is stated that under the administration conflicts between capital and labor have been peacefully settled; that the Sherman anti-trust law has been enforced without warring upon corporations with honest purposes and that dishonest officials have been driven from public office.

There is in the platform an indirect indorsement of President Roosevelt. A protective tariff is advocated as a policy that has brought the greatest prosperity to capital and labor.

After the adoption of the resolutions, the following delegates at large were selected: Gov. Murphy, United States Senators Kean and Dryden and State Assessor David Baird.

Judge Was Angry, Adjourned Court

Objected to Trying Cases at Telluride Because County Was Under Martial Law.

TELLURIDE, Colo., May 10.—Judge Theron Stevens today adjourned the May term of the District court, as this county (San Miguel) is under martial law.

In announcing his decision Judge Stevens referred to the fact that when he came into town last evening he was forced to walk through files of soldiers who had been stationed at the depot with orders to arrest deported union miners who, it was falsely reported, were returning with the Judge.

"The demonstration at the depot upon the arrival of the train," said Judge Stevens, "could only have been planned and executed for the purpose of showing the contempt of the military and a certain portion of this community for the civil authority of the State and the civil authority of this district."

"I had always been led to suppose, from such research as I had been able to make, that in a republic like ours the people were supreme; that the people had expressed their will in a Constitution which was enacted for the government of all in authority in this country. That Constitution provides that the military shall always be in strict subordination to the civil authorities. It is doubtless construed differently, however, by the executive who has declared this county to be in a state of insurrection and has declared martial law within its limits."

"I can only believe, from the indications, from the demonstration that have been made, from the conditions which seem to exist here, that the executive and the military and a portion of the people of this county are willing that this court should be opened and such business transacted as meets the approval of the people; that such orders of the court as meet the approval of the military and the people of this county may not be executed. Under such circumstances, the court would not be in a position to enforce its lawful orders, or what it conceives to be its lawful orders. Such being the case, it would simply be a farce to attempt to enforce civil law in this county."

No action was taken on the application to make permanent the injunction granted by the court at Ouray, restraining the Citizens' alliance and its members from interfering with the return of the deported miners to their homes in Telluride.

ENGINEER DIED AT HIS POST

Reason Given for Wreck of Treasure-Laden Express Train in Connecticut.

NEW YORK, May 10.—The fireman and engineer were killed today when the Federal express on the New York, New Haven & Hartford railroad left the tracks while crossing the bridge at Port Chester. The locomotive and tender plunged down a seventy-seven-foot embankment. None of the cars went over, the breaking of a coupling between the tender and the first car saving the train from being carried down into the river. Of the six cars three were totally wrecked, while the trucks of the other three were ripped off. The train was running at a high rate of speed and one suggested possible cause of the accident is that the engineer may have died at his post.

The wrecked train is that on which special armed guards were carried several weeks ago because of fear that an organized band of train wreckers had planned the wreck with the purpose of robbery. Much treasure is carried on this special and this fact aroused the fears of the officials of the express company and led to the employment of special guards. On this train the cash from the Government depositories in New England is usually carried to Washington. Because of the valuable contents of the train the detectives and armed railroad employees surrounded the wreck to prevent possible attempts to loot the cars, but there was nothing discovered to connect trainwreckers with the accident.

TRUSSES

The Right Kind to Buy

You can buy trusses for almost nothing, or you can pay a very high price for them, but the price of a truss does not prove that it is going to be the truss that you need. Every case has to be fitted individually. That is where we have our big success with trusses. No one goes out of our store with a truss that does not fit perfectly. Therefore, a great many people are wearing our trusses and sending their friends to us for trusses. If you are wearing a truss and it does not feel right or stay in the right place, come in and see us about it. We will tell you whether it is the right truss for you to wear.
